MICHAEL ANDERSON

URBAN IRONWORK DESIGNER

Visionary Wrought Iron Artisan with a decade of experience in creating innovative and functional ironwork solutions for urban environments. Expertise lies in designing contemporary iron structures that integrate seamlessly with modern architecture, prioritizing both aesthetic appeal and durability. Skilled in utilizing both hand-forging techniques and advanced machinery, leading to the production of unique and robust iron products.

PROFESSIONAL EXPERIENCE

Modern Metalworks

Mar 2018 - Present

Urban Ironwork Designer

- Designed innovative wrought iron solutions for urban development projects.
- Collaborated with architects to create functional and decorative iron elements.
- Utilized CAD software for precise design and planning.
- Supervised production processes to ensure quality and adherence to timelines.
- Engaged in client presentations to showcase design concepts and gather feedback.
- Conducted market research to identify emerging trends in urban design.

CityScape Ironworks

Dec 2015 - Jan 2018

Wrought Iron Fabricator

- Fabricated custom iron railings and gates for urban residential projects.
- Operated plasma cutting equipment for intricate designs.
- Maintained high standards of safety and quality in all fabrication processes.
- Participated in the installation of iron products on-site, ensuring proper fitting.
- Managed project documentation and client communications effectively.
- Assisted in developing proposals for new clients, enhancing business growth.

ACHIEVEMENTS

- Designed and implemented over 100 urban ironwork projects, enhancing cityscapes.
- Recognized as a finalist in the National Design Awards for Innovative Urban Solutions, 2023.
- Increased production efficiency by 25% through process optimization initiatives.
