WORK EXPERIENCE

Senior Youth Analyst

2020-2023

Youth Policy Institute

- Led comprehensive evaluations of youth policy initiatives, assessing impact and scalability.
- Utilized advanced statistical techniques to analyze program data and report findings.
- Collaborated with governmental agencies to inform policy recommendations based on research outcomes.
- Presented findings to policymakers, influencing legislative decisions on youth programs.
- Mentored junior analysts, enhancing team capacity and research quality.
- Developed strategic partnerships with educational institutions to support research initiatives.

Policy Research Assistant

2019-2020

Center for Youth Development

- Supported the evaluation of youth development programs, focusing on measurable outcomes.
- Conducted data collection and analysis using various statistical software tools.
- Assisted in the preparation of research reports and policy briefs for stakeholders.
- Coordinated outreach efforts to engage youth in program evaluation processes.
- Maintained databases to ensure accuracy and accessibility of research data.
- Facilitated discussions with community leaders to gather insights for policy development.

ACHIEVEMENTS

- Increased funding for youth programs by 25% through data-driven advocacy efforts.
- Received 'Outstanding Achievement in Research' award from the National Youth Policy Forum in 2021.
- Contributed to a policy brief that influenced state-level youth service funding allocations.
